September 18
Camera-Ready Paper
Deadline

October 21–23
Conference Date

ABOUT IWSA 2026

University of Navarra, Kliskatek, and the IEEE Macau AP/MTT Joint Chapter present the 2026 IEEE International Workshop on Wireless Sensing Technologies and Applications (IWSA 2026), following three successful editions held in 2023, 2024, and 2025. The workshop will feature keynote talks and technical papers from academia, industry, and the broader research community.

OBJECTIVE & IMPACT

IWSA 2026 bridges the gap between academia and industry to foster innovation in **RF, microwave, and mm-Wave sensing**.

- » **Publication:** Accepted papers will be submitted for possible inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements.
- » **Recognition:** Awards will be presented for outstanding papers.
- » **Networking:** A unique platform for exchanging ideas with global industry leaders and researchers.

TOPICS OF INTEREST

- » RF/Microwave/mm-Wave Sensing and Radar
- » Wireless Sensing and IoT Applications
- » Antennas, Circuits, and Systems
- » Microwave Photonics and Integrated Devices
- » Industrial and Emerging Sensing Applications

Other related topics aligned with the workshop scope are also welcome.

SUBMISSION

- » Papers should present original work with clear results.
- » Manuscripts must be in English and limited to 2 pages, including figures and references.
- » Papers must follow the standard conference format; the template is available on the website.
- » All submissions must be made through the conference website.

All inquiries should be directed to the organizing committee via the official website.

Submission guidelines and templates are available at:
